

## My Bird Watch Diary

Each day for the next 7 days, make a mark in the space provided every time you see a certain type of bird.

(You can start on any day, it doesn't have to be Monday)

Add them up at the end of 7 days to find out which bird you spotted the most.

April 2 and 10

TIP: You might need a bird spotting guide to help you identify the types of birds

	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday	TOTAL
Robin								
Blue Tit								
Chaffinch								
Pigeon								
Swallow								

In this column, fill in more names of birds that you see,

The type of bird I saw most this week was .....
