

My Seed Sowing Wishlist

Use this sheet to write down the seeds of flowers or veg you want to grow. In the 365 Nature Journal it suggests to start sowing some of these seeds on April 23rd. You will need to decide whether they will be indoor or outdoor sowings.
You might like to sow seeds in your secret spot on May 12th

Feb 26th

seeds i want to grow	when to sow them	when they flower
Cress	March 29th (as suggested by the 365 Nature journal)	can be eaten within a week - check on the 6th April or before

The seeds themselves may not look like much but remember its about the possibilities of what they become...here are some ideas.

sweet peas to sniff

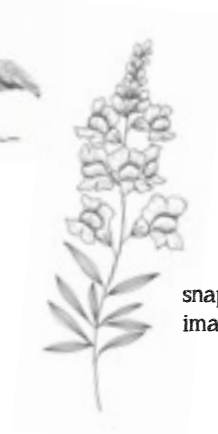

carrots to eat

sunflowers to reach to the sky

cosmos to remind us of the stars

snapdragons for imaginary pets!
